

## **Martin Andersson**

Martin is responsible for Procurement at Artifex Systems AB, where he leads a forward-thinking and skilled procurement team. His focus is on establishing processes and practices that align with the size and aspirations of Artifex, enabling the team to concentrate on high-value procurement activities. Martin brings nearly 30 years of experience in the automotive industry, including senior roles in program management, quality, and business leadership.

Prior to joining Artifex, he served as Senior Business Manager at IAC Sweden. Martin is a committed advocate for employee development, inclusion, and creating opportunities for people to thrive professionally.
