

## **Per Stenfelt**

At Artifex Systems AB, Per Stenfelt is responsible for Engineering and has nearly 30 years of experience in the automotive industry. Since 2008, he has held strategic roles across program management, tooling, and engineering, bringing over a decade of leadership experience to the Artifex organization. Per is a results-driven leader with a strong track record of delivering complex programs, driving operational excellence, and influencing stakeholders across functions. He thrives in entrepreneurial environments, where innovation and continuous improvement are central to success. With a

clear focus on developing products and processes that push boundaries and create long-term value, Per combines strategic vision with a collaborative mindset to build high-performing teams and deliver sustainable results.
